BIOCHEMISTRY AND MOLECULAR BIOLOGY DEPARTMENT  
THE UNIVERSITY OF BRITISH COLUMBIA  
Announcement of a Teaching Assistantship Position Available  
For period of May 15 to June 22, 2017

Date of Posting: February 22, 2017  
Course: Biochemistry 202, Introductory Medical Biochemistry  
Number of Positions: It is anticipated that the equivalent of two (2) one-eighth positions will be available.  
Qualifications: Applicants must have completed and passed course work equivalent to at least BIOC 303, be (or expect to be) holders of a bachelor’s or master’s degree in a relevant discipline, and be full-time graduate students working under the supervision of a faculty member at the University of B.C.  
Duties: 1) Attendance at lectures  2) Student tutoring and providing tutorial sessions  3) Providing short lectures to students  4) Invigilation of University examinations  5) Attendance at course meetings  6) Marking of exams  
Hours of Work: The TA will provide eleven 50 minute tutorial sessions and eleven 50 minute question and answer sessions to BIOC202 students. The TA will be expected to attend all BIOC202 lectures (36 hours) as well as organizational meetings. The maximum time worked will be 92 hrs (excluding vacation) for this quarter-time appointment.  
Salary: The salary for a one-eighth appointment during the 2017 summer will be:  
GTA-I: $1,504.11  
GTA-II: $1,447.35  
Application: Application forms are available from Biochemistry website (www.biochem.ubc.ca) and should be submitted to Sabrina Cheng, Administrator of Department of Biochemistry & Molecular Biology at sabrinac@mail.ubc.ca by March 31, 2017.

UBC hires on the basis of merit and is committed to employment. All qualified persons are encouraged to apply. UBC is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, persons of any sexual orientation or gender identity, and others who may contribute to the further diversification of ideas.

Canadians and permanent residents of Canada will be given priority.

SUMMER 2017
Application For Teaching Assistantships In BIOC 202

Name: _______________________  SIN & UBC id#: _______________________

Date of Birth: _________________________

Research Supervisor: _________________________

    Telephone Numbers    - Lab: _________________
                         - Home: _________________

    E-mail Address: ________________________

Undergraduate Biochemistry Training and Previous Experience (please see reverse)

Degree(s) Obtained (Discipline, Place, Date):

    Bachelors: ________________________________

    Masters: ________________________________

Program Registered in for 2017/2018 (PhD or MSc): _______________________

Signature: ________________________________  Date: _______________________

Research Supervisor (Print Name & Signature): ____________________________
ONLY NEW APPLICANTS NEED COMPLETE THIS SECTION

Brief outlines for the University of B.C. Biochemistry 303 course are given below. Please outline all undergraduate biochemistry courses that you have successfully completed that are equivalent to or more advanced than these courses.

**Bioc 303  Molecular Biochemistry** – Structure, function and metabolism of lipids, steroids, amino acids and nucleotides; the biochemistry and molecular biology of replication, transcription, translation and gene regulation. For Majors and Honours students in Biochemistry and Honours students in other life science programmes.

Please outline any previous experience you have that may be relevant to your application.
