

### Lecturer | Department of Biochemistry & Molecular Biology

The Department of Biochemistry & Molecular Biology at The University of British Columbia invites applications for a faculty appointment at the rank of Lecturer.

For more than fifty years, the Department of Biochemistry & Molecular Biology has played an active and important role at UBC and in the greater scientific community. The department offers over 17 undergraduate courses and laboratory courses for third and fourth year honours, major and minor Undergraduate programs.

This Lecturer position will be responsible for the following second-year undergraduate courses in Biochemistry and Biomedical Engineering Program:

- Preparing and developing course material, and teaching in BIOC 202 (12 hours) in Term 1 (Fall Term) 2018;
- As Course Chair in BIOC 202 Term 2 (Spring Term) 2019, preparing and developing course material and teaching in BIOC 202 (36 hours);
- Helping with tutorials in BIOC 203 and BIOC 302;
- Coordinating with other Instructors in the Department and Applied Science to develop a new section of BIOC 202 aimed towards Biomedical Engineering students;
- Coordinating and teaching in VSP summer 2019.

The successful candidate will be expected to have exceptional communication skills. The incumbent will preferably have a PhD degree and relevant postdoctoral experience, and a proven record of accomplishment that demonstrates their excellence as an independent teacher.

Salary will be commensurate with qualification and experience. A letter of application, accompanied by a detailed curriculum vitae and names of three references, should be directed to:

Dr. Leonard Foster  
Department of Biochemistry & Molecular Biology  
2350 Health Sciences Mall  
Vancouver, B.C. V6T 1Z3  
[bioc.sec@ubc.ca](mailto:bioc.sec@ubc.ca)  
Subject Line: Department of Biochemistry & Molecular Biology Lecturer Position

Review of applications will begin October 20, 2018 and continue until the position is filled. The anticipated start date for this position is November 1, 2018.

The University of British Columbia is a global centre for research and teaching, consistently ranked among the top 20 public universities in the world and 3<sup>rd</sup> largest university in Canada with an economic impact of 12.5 billion to the provincial economy. Since 1915, UBC's West Coast spirit has embraced innovation and challenged the status quo. Its entrepreneurial perspective encourages students, staff and faculty to challenge convention, lead discovery and explore new ways of learning. At UBC, bold thinking is given a place to develop into ideas that can change the world. As one of the world's leading universities, The University of British Columbia creates an exceptional learning environment that fosters global citizenship, advances a civil and sustainable society, and supports outstanding research to serve the people of British Columbia, Canada and the world.

*Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Metis, Inuit, or Indigenous person. All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority.*
