Date of Posting: April 6, 2020

Course: Biochemistry 302, General Biochemistry

Qualifications: Applicants must have completed and passed course work equivalent to at least BIOC 303, be (or expect to be) holders of a Bachelor or Master degree in a relevant discipline, and be full-time graduate students working under the supervision of a faculty member at the University of B.C.

Duties: 1) Attendance at lectures  
2) Student tutoring and providing tutorial sessions  
3) Providing short lectures to students on course background material  
4) Invigilation of University examinations  
5) Attendance at course meetings

Hours of Work: The TA will provide three 1 hour tutorial sessions to BIOC302 students each week and will be expected to attend BIOC302 lectures (3hrs/week) as well as organizational meetings. The maximum time worked will be 92 hrs (excluding vacation) per quarter-time appointment.

Salary: The salary for a quarter-time appointment during the 2020-2021 academic year will be:

GTA-I: $3,177.60  
GTA-II: $3,057.70

Application: Application forms are available from Biochemistry website (www.biochem.ubc.ca) and applications should be submitted to Mark Mendoza, HR Manager at mark.mendoza@ubc.ca by May 6, 2020.

UBC hires on the basis of merit and is committed to employment equity. All qualified persons are encouraged to apply. UBC is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, persons of any sexual orientation or gender identity, and others who may contribute to the further diversification of ideas. Canadians and permanent residents of Canada will be given priority.
DEPARTMENT OF BIOCHEMISTRY AND MOLECULAR BIOLOGY
The University of British Columbia
2020-2021
Application For Teaching Assistantships In BIOC 302

Name: ___________________________  SIN & UBC EID#: ___________________________

Date of Birth: ___________________________

Research Supervisor: ___________________________

  Telephone Numbers – Lab: ________________
  – Home: ________________

E-mail Address: ___________________________

Application(s) for: Quarter-time: _____
                  Half-time: _____

Appointment(s) Requested:

[Quarter-time TAs generally work 1 term only: Sep. to Dec., or Jan. to Apr.
  Half-time TAs work both terms: Sep. to Apr.]

Undergraduate Biochemistry Training and Previous Experience

Degree(s) Obtained (Discipline, Place, Date):

  MSc: ___________________________

  PhD: ___________________________

Program Registered in for 2020/2021 (PhD or MSc): ___________________________

Signature: ___________________________  Date: ___________________________

Research Supervisor (Print Name & Signature): ___________________________
ONLY NEW APPLICANTS NEED COMPLETE THIS SECTION

Brief outlines for the University of B.C. Biochemistry 301 and 303 courses are given below. Please outline all undergraduate biochemistry courses that you have successfully completed that are equivalent to or more advanced than these courses.

**Bioc 301  Biochemistry Laboratory** – Techniques by which the chemical and physical properties of fundamental components of the cell are studied.

**Bioc 303  Molecular Biochemistry** – Structure, function and metabolism of lipids, steroids, amino acids and nucleotides; the biochemistry and molecular biology of replication, transcription, translation and gene regulation. For Majors and Honours students in Biochemistry and Honours students in other life science programs.

Please outline any previous experience you have that may be relevant to your application.
