Hi Doris,

My name is Charlie and I am the Volunteer Coordinator for UBC Let's Talk Science. I am hoping you would send out the following advertisement for our upcoming information sessions to students in your department. Please indicate that volunteers need to be UBC affiliated.

Learn more about us - Let's Talk Science Information Sessions
Let's Talk Science is a national science outreach organization consisting of university-specific, independently operated chapters. UBC Let's Talk Science volunteers are role models for young Canadians. As a volunteer, you will meet like-minded people, make a difference in your community, be eligible for prestigious awards and rekindle your love of science.

We set you up for success by providing training, activity kits, funding and materials. There are several (up to 10!) different programs run by UBC Let's Talk Science that you can learn more about by attending one of our info sessions
